

it under any condition and that is exactly what you are doing for the next ten years. You are taking \$1620 a year off. That will not relieve taxes. You will never see it. The county will spend it, and if you are going to take it all off in one year, I would still bet that they would raise the tax \$20 million in the counties and spend it. So certainly, I would be against even advancing this bill. Thank you.

SENATOR MARVEL: Senator Goodrich, do you wish to close on advancement of 92? You are now closing.

SENATOR GOODRICH: I don't think there is any doubt in anybody's mind what the bill contains. It is a 2% drop in the county's share of medicaid each year over a period of six years leaving a total of 8% for the counties to pay. We are not touching the county administration. They are keeping that. For example, if we can do this kind of, in other words, if the state can spend money for such things as state aid, property tax relief which is LB 518, gasohol plants, that sort of thing, then why can't we do it for this particular purpose as well. I move we advance the bill. Thank you.
